

MVP-SOS Funding Guidelines as of September 2016

MVP-SOS accepts applications for funding of New Milford children in grades K-12 that have financial need. Please download the updated application form at www.mvpsos.org. The first two pages of the parents or guardians most recent tax return must be submitted with the application to be considered for funding. We no longer accept the school lunch assistance letter.

Currently we fund 50% of registration fees for qualifying applicants. We do not cover late fees, equipment or uniforms. We fund local New Milford organizations that offer children programs in sports, arts and education during the 3 seasons of the school year. We have a limit of \$300 per program, and a \$500 limit per child per year.

If approved we will mail a MVP-SOS voucher to the parent, made out to the requested organization offering the program. This voucher is then submitted to the organization during their registration period. Please allow at least 30 days for application review prior to registration deadline. All questions relating to applications can be sent to mvpsosapps@gmail.com.

Please keep in mind, all MVP-SOS members are volunteers and will do our best to respond in a timely manner.
